FOUR MEN MEET HORRIBLE DEATH

Cooked by Steam on a Barge Off Kenosha, Wis.

HAD NO CHANCE TO ESCAPE

Victims Caught Like Rats in a Trap by Explosion of a Steam Pipe—Other Men on the Helpless Craft Endured Severe Hardships Before Their Vessel Was Towed Into Port. Three Swam Ashore for Aid.

Kenosha, Wis., Oct. 21.—By the explosion of a steam pipe in the engine room of the steam barge Maggie Marshall off this port, Chief Engineer John Peterson of Manistee and three of his assistants were literally cooked to death. The names of the dead:

Chief Engineer John Peterson, Manistee, Mich.; Charles Heete, Manistee, Wis.; Reed Meyers, Bear Lake, Mich.; Ernest Mickler, Manistee, Mich.

The men were caught like rats in a trap and there was no escape for them. They were forced to stand in their places until they were literally cooked.

The barge was on her last trip of the season between Chicago and Manistee, with a crew of thirteen men. Three of the crew, N. C. Thompson, Otto Frank and Alex Forsstrom, started in a yawl for Kenosha for assistance, but capsized when over a mile from shore and were compelled to swim to land.

Bearing a cargo of dead, the steam barge was towed into the Kenosha harbor by the tug Sport. On the hatch of the main deck, covered by an old tarpaulin, were the dead bodies of the four members of the crew who had been cooked to death by escaping steam in the engine room of the boat when the steamer was in midlake, thirty miles east of Kenosha.

The boat was completely disabled by the explosion of the steam pipe, and she drifted aimlessly, bearing her burden of death all through the night, and was finally brought to anchor a mile east of the village of Berryville, four miles north of Kenosha, just after daybreak.

The story of the bursting of the steam pipe and the long vigil of the surviving men while waiting for aid is one of the most horrible ever told of lake disasters about this port. It culminated in three of the members of the crew volunteering to swim a mile through a heavy surf in order to get the aid for which the captain and his crew had waited in vain.

FOUR OF THE CREW MISSING

Steamer New York Entirely Destroyed by Fire.

Newburg, N. Y., Oct. 21.—Four members of the crew of the steamer New York of the Hudson river day line are believed to have lost their lives in a fire that entirely destroyed the large passenger vessel as she was moored to a pier for repairs in the Thomas S. Marvel shipyards here.

The fire started while the crew of seventy-three men, including Captain A. H. Harquart, commander of the steamer, were asleep in their berths. The flames, which started in the after hold, gained headway so quickly that in less than five minutes the entire after end of the craft was in flames.

Someone ran through the sleeping quarters giving the alarm and the crew scrambled ashore.

Soon after the crew had reached the shore it was discovered that four colored waiters were missing. One of the sailors said he was sure the four men had been trapped below decks by the flames and had perished.

FIFTEEN MEN ON BOARD.

Two Coal Barges Drifting About on Lake Superior.

Houghton, Mich., Oct. 21.—Captain McKenzie of the lumber steamer Edward L. Hines on arriving here reported the loss of the steamer's two consorts, Lizzie A. Law and Selvin Marvin, by the breaking of a tow line while opposite Huron islands in a southeast gale Monday night. Owing to the forest fires a heavy pall of smoke overhung Lake Superior and the barges were quickly lost to view.

Captain McKenzie searched for them all night and Tuesday, but was unable to locate them. He sheltered at Portage Entry and will renew his search. There is a gale blowing over Lake Superior and it is feared the consorts may have gone on the rocks. The two boats are loaded with coal for Duluth and carried crews totalling fifteen men.

FOUR PERSONS MISSING.

Carried Out Onto Lake Michigan by a High Wind.

Glen Haven, Mich., Oct. 21.—Patrick Hurry and wife, and Peter Swanson and son have been missing since Monday evening, when they left their homes at North Manitou islands in a power launch to set fish nets in Lake Michigan. A high easterly wind carried the little boat out into Lake Michigan and the only hope entertained as to the safety of the quartette is that they may have reached the Wisconsin coast.

BUSINESS BLOCK BURNED

Fire at Buffalo Causes Heavy Loss to Property.

Buffalo, N. Y., Oct. 21.—Fire caused a loss of \$300,000 in the business block bounded by Main, Washington, North Division and South Division streets. The fire started in A. C. Bidwell's wallpaper and paint shop. The heaviest losers are George E. More, furs and hats, \$100,000, and A. C. Bidwell, paints, \$20,000. Loss on buildings, \$100,000.

NIGHT RIDERS KILL PROMINENT LAWYER

Fate of His Companion Is as Yet Unknown.

Union City, Tenn., Oct. 21.—Advices from Reelfoot lake, where a mob of masked men took Colonel R. Z. Taylor, aged sixty, and Captain Quenten Rankin, both of Trenton, and widely known lawyers, out of their hotel at that place and murdered the latter, fail to report the finding of Colonel Taylor's body, or to reveal any trace of his whereabouts.

A man named Powell is said to have been forced to accompany the mob. Powell had been stopping at the hotel and when the riders called everyone out and compelled them to line up, Powell, Colonel Taylor, Captain Rankin and a surveyor, whose name is unknown, are said to have been taken away, the others being permitted to return to their beds.

Powell states, it is said, that after killing Rankin, a vote was taken regarding the disposition to be made of Taylor. During the dispute, Taylor made a dash and jumped into the bayou, starting to swim across it. A number of shots were fired at him, and in the confusion Powell slipped away and brought back the story of the escape, or attempted escape, of Taylor.

Searchers found the trees on the edge of the bayou clipped by bullets and there were deep footprints in the mud along the shore. On the other side of the bayou there was a single footprint.

Governor Patterson arrived at Humboldt and held a consultation with citizens of Trenton, who came down to meet him. Governor Patterson announced that he had offered a \$10,000 reward and would visit the scene in person. He left for Union City.

One hundred militiamen mobilized at the state capital in Nashville and left for Reelfoot lake.

The trouble which resulted in the outrage was caused by the passage of an act by the legislature regulating fishing in Reelfoot lake, a short distance from Walnut Log.

Night rider disturbances over the same matter occurred about a year ago. Ever since then Colonel Taylor and Captain Rankin have been in constant receipt of threatening letters.

FRANCE IS NERVOUS.

Over Situation in the Balkans and the International Congress.

Paris, Oct. 21.—The feeling in French government circles is distinctly nervous, both with regard to the situation in the Balkans and the proposed international congress. Official advices from Turkey indicate that the Turkish government is manifesting some impatience because Bulgaria has failed to present any official communication since Turkey received the French assurance made in the name of Emperor Ferdinand, while from Sofia comes the information that the Mallinoff cabinet still refuses to accept the advice of Ferdinand, who advocates a peaceful settlement, and insists that it would be preferable to go to war than to pay an indemnity. Until the Bulgarian ministry yields definitely, it is considered by the officials of the French government that the danger of war has not been dispelled.

BRYAN RALLY IN LOUISVILLE

Enormous Crowd Turns Out to Greet the Nebraskan.

GIVEN A CONTINUOUS OVATION

Democratic Candidate Passes in Review Before Thousands of People Along a Line of March Seven Miles in Length—Women and Children Endangered at a Number of Congested Points and Many Minor Accidents Occurred.

Louisville, Ky., Oct. 21.—Passing in review before thousands of people along the line of march, followed by a parade of many hundreds of marchers, and speaking to more people than the sound of his voice could reach, William Jennings Bryan made a brief rally south of the Ohio river. The rally in Louisville was, for Mr. Bryan, the culmination of one of the busiest days of the campaign, and the outpouring here equalled and possibly surpassed anything in the way of a demonstration the candidate has met with since he was notified of his nomination. From the time he left New Albany, Ind., just across the Ohio river, until he spoke his final word of farewell, Mr. Bryan was the recipient of a continuous ovation. Arriving in Louisville with the reception committee on two special trolley cars, Mr. Bryan passed through an unbroken lane of people from the river's edge until he reached Phoenix Hill park, at the opposite end of the city, seven miles away. As the cars bearing the party reached the heart of town they took the line at the head of a procession over a mile long, which was waiting to begin its march to Phoenix Hill. The crush along the line of march in the downtown shopping district was so great that police reserves were unable to manage it. Women and children were endangered at a number of congested points, and many minor accidents occurred as the result of overcrowding.

Cheered for Fifteen Minutes.

Arriving at Phoenix Hill park, Mr. Bryan was cheered for fifteen minutes, and it was only with difficulty that the crowd could be induced to check the enthusiasm long enough to allow him to speak. He found it necessary to deliver three addresses—one to an audience that packed Phoenix hall; another to an even larger crowd in the park outside, and a third to the paraders massed in an open space near the park. He also made short speeches at two other points, one of them being addressed to a delegation of railroad employees. In beginning each of his speeches, Mr. Bryan devoted considerable attention to the welcome given him. He declared amid frantic yells that the turnout had been of such a size as to leave the Democrats no option but to make "My Old Kentucky Home" the national anthem, when they assumed charge of the administration. Before he had spoken more than five minutes, Mr. Bryan found it necessary to issue a witty but peremptory order to the crowd around the platform to give way, the crowd obeying just in time to prevent the possible injury of a hundred or more persons who were standing up on chairs and were endangered by throngs pressing in from the outside.

A large mass of people unable to get back on the floor were swaying dangerously.

Mr. Bryan's main address emphasized two points. He repeated his charge that the Republicans were expecting to buy the election if purchase was possible, and declared that a high tariff was a breeder of panics.

The tour of Mr. Bryan through Indiana was a notable one. Accustomed though he is to large crowds and lusty cheers, the demonstrations accorded him were commented upon by the candidate as being exceedingly gratifying. A pleasing feature of the trip was the repeated calls for Mrs. Bryan, who shared in the handshaking with her husband. She was overwhelmed with attention at every place where a stop was made, and was the recipient of many handsome floral pieces.

KILLED BY AN EXPLOSION

Five Men Meet Death on the Panama Canal Zone.

New Orleans, Oct. 21.—News of the killing of five men on the Panama canal zone by a dynamite explosion was brought here by passengers on the steamer Cartago from Colon. The explosion killed W. J. Davis, engineer in charge of a steam shovel; George Goodley, a crane man, and a pit foreman whose name was not learned, and two negroes. The steam shovel struck a charge of dynamite which had failed to explode when planted.

"MICHAEL'S"

WORKINGS OF THE ICE STOCK POOL

Revealed at Trial of Financier Morse in New York.

New York, Oct. 21.—Evidence was introduced at the joint trial of Charles W. Morse, financier, and Alfred H. Curtis, former president of the defunct National Bank of North America, who are charged with conspiracy and violation of the national banking laws, which made it appear that in the eighteen months between June, 1905, and November, 1907, the "Morse ice pool"—so known in financial circles—bought and sold stock of the American Ice company through fifty-nine brokers and operated 111 accounts, slightly differentiated as to names, and that the pool brokers earned commissions during that period of upward of \$1,000,000.

Out of a maze of intricate figures prepared by National Bank Examiner Moxley, who has devoted considerable time to studying the alleged records of the ice pool, the lawyers for the prosecution succeeded in drawing this information. Mr. Moxley was asked to tabulate his figures, and after a recess had been taken to give him time to do so, the tables—fifty-nine in number, or one for each broker—were placed on the records as evidence.

John W. Gates, Charles M. Schwab, Isaac Guggenheim and other men well known in the financial world, were interested in the pool. The transactions of the pool as described by Mr. Moxley showed that thousands upon thousands of shares of ice stock were dealt in each month, but that the selling and buying, so the witness said, was almost entirely done by the pool's own brokers. One hundred shares of stock, the witness said, would be sold to one broker by another, and then sold to another broker, and so on, so that the stock exchange records would indicate that American Ice company stock was in great demand. The price would naturally go up.

Thus it appeared that in May, 1906, 188,000 shares of ice stock had been bought and sold, and in August of the same year 168,000 shares had been traded in. Mr. Moxley read his figures from each of the fifty-nine tabulated sheets and endeavored to trace the various transactions so as to show, the witness asserted, that "matched sales" were made.

It was shown by Mr. Moxley's list that the firm of John W. Gates & Co. had about a dozen accounts with the syndicate operating the pool, and that other brokerage houses operated several accounts.

BLOWN DOWN BY TORNADO

Grandstand Wrecked and Twenty-three Football Players Injured.

Savannah, Mo., Oct. 21.—One football player fatally injured and twenty-two others hurt, some of them seriously, is the result of an accident here when the grandstand at the ball park, in which the players had taken shelter, was blown down during a tornado.

All of the boys are high school students and were at football practice.

Walter Warner suffered concussion of the brain and was internally hurt. There is little hope for his recovery.

All of the others suffered injuries about the body and severe sprains.

All the doctors in town were called to attend the injured.

HAVING A GOOD TIME.

American Officers and Sailors Enjoying Themselves in Japan.

Tokio, Oct. 21.—The third day of the American occupation of Japan brought about every description of entertainment for the officers and men of the Atlantic fleet and the visiting business men from the Pacific coast, from an audience and luncheon with royalty to a baseball game between nines of the fleet and Kelo university. Luncheons, garden parties, Japanese dinners, beginning early, European parties, all involving the careful distribution of invitations, because occurring in half a dozen places at the same time, kept the American guests of the Japanese nation busy.

For the present Tokio is the center

of attraction, many officers and about 600 Americans visiting this city daily, but Yokohama is filled with bluejackets, who are offered every form of entertainment, while large numbers of others are visiting nearby points of interest by means of special trains.

Up to the present time perfect order has prevailed among the sailors on shore liberty, despite their long tour of sea duty.

Fires Under Control.

Albany, N. Y., Oct. 21.—With nearly 4,500 men acting as firefighters and favorable atmospheric conditions prevailing, the forest fires in the Adirondacks were reported to the state forest, fish and game commission as under control, temporarily at least. The situation is still serious, a heavy fall of ruin being looked for as the only permanent relief.

Style, Service and Satisfaction All in a WOOLTEX Coat

STYLE—The woman who follows fashion's lead knows that a general utility coat must be on long, loose, graceful lines, with ample skirts and roomy armholes—a WOOLTEX Marchioness coat.

SERVICE—The woman who looks for service, chooses a WOOLTEX Marchioness coat because it can be worn with equal suitability for calling, as an evening wrap, or for traveling.

SATISFACTION—The woman who thinks, chooses a WOOLTEX Marchioness coat because she knows that the label is a guarantee that the garment is pure wool and will keep its shapeliness through two seasons' wear, and that the style is absolutely correct.

Look for the label WOOLTEX—it insures your satisfaction.

The prices are decidedly reasonable for such excellent quality.

is worth your while
to learn.

WE believe that the way to do best from our standpoint as well as yours, is to make *your* standpoint, *ours*.

That means decidedly not to drive bargains and force sales. It means keeping faith and keeping customers.

We show the new Kuppenheimer styles as a strong evidence of this policy. They are 100 per cent value clothes—as full of genuine value as a gold dollar.

You'll find not only the design and patterns that please you, but the after-worth and wear that keep on pleasing you throughout the long life of the garments.

Exclusive in style and fabrics, but most approachable in price.

Our prices are \$15, \$18, \$20 to \$25. Something good to show you too, in pants for winter wear.

Mack's Joke on Bryan.

Norman E. Mack, Bryan's campaign
chairman, is fast winning a reputa-
tion as a humorist that should make
Mark Twain look to his laurels. Mack
tells the Chicago reporters that New
York, New Jersey and Rhode Island
are going Democratic and that re-
ports from the west are "equally en-
couraging." As he makes no mention
of Alabama and Texas it is to be in-
ferred that he regards those states as
doubtful. Mack's statement that Dem-
ocratic reports from the west are
"equally encouraging" with those
from New York, New Jersey and
Rhode Island ought to qualify him
for the position of soothsayer at the
Delphic shrine. When Bryan is snowed
under by an avalanche of ballots
from both directions Mack will be
able to say that he told the truth to
that extent.

The Nebraska "Populists to a man"
have pronounced William Jennings
Bryan as "the best representative of
Populist principles." Doubtless Mr.
Bryan regards that as high praise.
Elsewhere it will be regarded as an
indictment.

It is no wonder that the whistles
of factories salute Candidate Taft
throughout his tour. The salutes are
those of welcome to the prosperous em-
ployment of both capital and labor.

WOMEN'S WOES

Brainerd Women Are Finding Relief
at Last

It does seem that women have more
than a fair share of the aches and pains
that afflict humanity; they must "keep
up," must attend to duties in spite of
constantly aching backs, or headaches,
dizzy spells, bearing-down pains; they
must stoop over, when to stoop means
torture. They must walk and bend and
work with racking pains and many
aches from kidney ills. Kidneys cause
more suffering than any other organ of
the body. Keep the kidneys well and
health is easily maintained. Read of a
remedy for kidneys only that helps and
cures the kidneys and is endorsed by
people you know.

Mrs. J. H. Zellers, living at 915 Main
St., Brainerd, Minn., says: "I just as
enthusiastically recommend Doan's Kid-
ney Pills now, as I did several years
ago. Prior to that time I suffered a
great deal from dull, heavy pains across
the small of my back and over the kid-
ney region. There was also a miser-
able, bearing-down sensation through
my loins and I could not stoop without
suffering intensely. The secretions
from my kidneys plainly showed a de-
rangement of these organs and I was

Kidney Pills I procured a box from H.

The Spirit of this Store
is worth your while
to learn.

WE believe that the way
to do best from our
standpoint as well as
yours, is to make *your* stand-
point, *ours*.

That means decidedly not to
drive bargains and force sales.
It means keeping faith and
keeping customers.

We show the new Kuppen-
heimer styles as a strong evi-
dence of this policy. They are
100 per cent value clothes—
as full of genuine value as a
gold dollar.

You'll find not only the design
and patterns that please you,
but the after-worth and wear
that keep on pleasing you
throughout the long life of
the garments.

Exclusive in style and fabrics,
but most approachable in price.

Our prices are \$15, \$18,
\$20 to \$25. Something good
to show you too, in pants for
winter wear.

NEW TOWN FOR SILK FACTORY

Leon Bozark to Erect Factory for Manufacture of Silk Goods On M. & I.

BETWEEN HUBERT AND NISSWA

R. E. Phillips and W. H. Hallett Are Surveying Plat for Proposed New Town

Crow Wing county is to have another new town and another new industry. Leon Bozark, of Chicago, a silk manufacturer, is having a town platted on the Minnesota & International between Hubert and Nisswa. He has also asked for bids, it is stated by R. E. Phillips and W. H. Hallett, who are platting the town site for a large factory, 60x80 feet in size, and also for six six-room cottages. Mr. Bozark, who is said to be a large manufacturer of silk goods, gives as his reasons for the move that rent is too high in Chicago for his purpose, and as he owns 160 acres near Hubert he has decided to locate his factory there. All raw material, he states, has to be shipped to Chicago and he believes the disadvantages of a large city exceed the advantages of that location and he proposes to locate his manufactory in Crow Wing county.

The plant will, it is said, give employment to 125 women when in full blast.

NEW SECOND HAND STORE

Carl Meek, of Minneapolis, Has Rented Building on Fifth Street for That Purpose

The store building at 219 Fifth Street South, formerly occupied by John Wise and by Geo. Bell, as a saloon, but which has been vacant for some time, has been rented by Carl Meek, of Minneapolis, who will open up a second hand store there as soon as he gets it in shape, probably next week. Mr. Meek, who will reside in the back part of the building, will buy and sell furniture of all kinds and will also repair furniture.

Files a Demurrer

Duluth Herald:—A demurrer was filed in the United States circuit court yesterday in the case of Laura J. Cochran vs. City of Brainerd. The plaintiff by her attorney, T. C. Blewett brought suit for damages for \$15,000 for injuries sustained last August when she fell on a defective sidewalk. The defendant sets forth that the complaint does not state facts sufficient to constitute a cause for action.

School Report

The following is the report of school District No. 71, Crow Wing county for the month ending October 16, 1908:
No. of pupils enrolled..... 19

JOHNSON VOTED "NO"

Only Senator Who Opposed Bill Against Desecration of Decoration Day

The bill he thus opposed is as follows:
Chapter 266, General Laws of 1879, being house file 540, reads as follows:
H. F. 540, section 1. That section one (1) of chapter two hundred and thirteen (213) of the General Laws of 1897 be, and the same is hereby amended, so as to read as follows:
Section 1 That the desecration of Decoration day, the thirtieth (30th) day of May of each year, by the playing of games of ball, cricket, football and other like games, or by horse racing, bicycle racing, or any other sports calculated to attract attention to such games or sports and away from the memorial character of said day, within one-half (½) mile of the place where memorial exercises are in progress, is hereby prohibited and made unlawful during the hours from ten (10) o'clock in the forenoon to three (3) o'clock in the afternoon in all cities, towns and villages where memorial exercises are held.

Senate journal for the year 1899, pages 1158 and 1159, reads as follows:
"H. F. 540.—A bill for an act to amend section one (1) of chapter two hundred and thirteen (213) of the General Laws of 1899, entitled, an act to prohibit the desecration of Decoration day and provide for the punishment thereof," was read the third time and put upon its final passage. The question being taken on the passage of the bill, and the roll being called, there were yeas 36 and nays 1, as follows:

"Those who voted in the affirmative were: Messrs. Baldwin, Barker, Benedict, Buckman, Chilton, Dougherty, Dickey, Everett, Greer, Grindeland, Grue, Hawkins, Jones, E. J. Jones, J. D. Larson, Lord, McArthur, McCarthy, McGill, McGovern, McKusik, Mellicke, Miller, Nixon, Potter, Schaller, Schellbach, Shell, Sivright, Smith, E. E. Smith, H. J. Snyder, Sweningsen, Thompson, Underleak, Wilson.

"Mr. Johnson voted in the negative."
There was no senator named Johnson at this session of the senate other than John A. Johnson, the present governor of Minnesota. (See index of senators in the same journal, pages 1421, 1422, 1423 and 1424.)

Does this record entitle Governor Johnson to the support of any member of the Grand Army of the Republic who loves Memorial day and its hallowed associations, or of any citizen of our state who believes in the principles involved in the great struggle of which Lincoln was the master mind?

NEW PLANING MILL

Heath and Kiley Have Put in Planing Mill and Will Erect Feed Mill on West Laurel Street

Chas. Heath and J. P. Kiley have purchased a combination planer and a resawing machine and have installed them in the building formerly occupied by Kiley's blacksmith shop on Laurel street, between Third and Fourth streets. They have purchased and rebuilt the gasoline engine formerly used by Mr. Rhodes and are now prepared to do planing and manufacture flooring, ceiling, mouldings, etc. They will make a specialty of custom work, and state that their charges will be reasonable and that they will take rough lumber in payment, thus giving the farmer who has his own lumber a chance to get all the finishing stuff without the outlay of any cash. They have also purchased a feed mill which they will install in a building to be erected near by and will grind feed for the farmers.

THE CITY CONVENTION

Republican Caucuses Thursday Night and Convention Friday to Nominate City Officers

The primaries for the election of delegates to the city convention which will be held on Friday will be held tomorrow, Thursday, evening in the different wards of the city. The announcement from Mayor Wise published last night in THE DISPATCH that he could not allow his name to be used in connection with the mayoralty for the coming term has given the political talk a decided impetus within the past twenty-four hours. It is now quite likely that the convention when it assembles will offer the nomination of mayor to Edward Crust. The gentleman has been requested to allow the use of his name by men of standing in the councils of both political parties and there is scarcely any question but that he will receive the nomination.

Judd Wright, the present city treasurer, announced to his friends today that he was not a candidate for the position for the coming term and this leaves the field clear for the nomination of Fritz Hagberg.

Dr. Thabes has signified his intention of retiring from the school board at the end of his present term and Geo. D. LaBar has been prevailed upon to stand for the election to the vacancy in the Second ward. Mr. Thabes' only reason for retiring is the fact that the work interferes with his professional duties; he has made an excellent member of the board and his friends endeavored to prevail upon him to serve another term but he could not see his way clear to consent.

LAST VISIT HERE

Dr. L. H. Bruns has Decided to Quit Traveling on the Road and will be at Anoka all the Time

Dr. L. H. Bruns, who has been visiting Brainerd every month during the past thirteen years is in the city today on his final business visit. Dr. Bruns states that hereafter he will not travel but will remain at Anoka the entire time. He will retain the prescriptions for all lenses purchased of him while on the road, however, and will furnish duplicates upon application. Dr. Bruns has made many friends during his visits here who are sorry not to be able to meet him in the future.

Y. M. C. A. Notes

Through a misunderstanding as to dates the announcement in last evening's paper with reference to the mechanical drawing class was incorrect and those interested met last evening and organized for the course that has been announced. There was a good attendance considering all things and others have already asked to be enrolled. Materials, etc., are being arranged for and the first class session will be Wednesday, Nov. 4; thereafter the class will meet on Tuesdays. For further particulars or information enquire of Messrs. H. A. Lyndon or H. B. Thompson or at the Y. M. C. A. office. It is to the advantage of all desiring to take the work to enroll before class work begins.

There will be a special meeting of the board of directors at 7:30 this evening.

MAKES STOMACH MISERY VANISH

Stops Fermentation and Relieves Dyspepsia in Five Minutes

END ALL THIS DISTRESS

The Most Obstinate Cases of Indigestion Will Find a Prompt Cure

Take your sour stomach—or maybe you call it indigestion, dyspepsia, gastritis or catarrh of stomach; it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a 50-cent case of Pape's Diapepsin and let you eat one 22-grain triangle and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is food fermentation—food souring; the digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness and many other similar symptoms.

If your appetite is fickle, and nothing tempts you, or you belch gas or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself, after your next meal, that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take some Diapepsin.

Mr. Bryan says there is always hope for a man who changes. Yes, but not for a man who changes from bad to worse.

Weak Kidneys

Weak Kidneys surely point to weak kidney nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach those controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is scanty, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell

Dr. Shoop's Restorative H. P. DUNN.

Tapp Notified of His Nomination.

Chicago, Oct. 21.—Sidney C. Tapp, presidential candidate of the Liberal party, whose platform among other things demands woman suffrage, was formally notified of his nomination at a meeting at Hull House in this city.

TURKISH ARMY OFFICERS.

They Are Neither Loved Nor Respected by Their Men.

Very seldom if he can help it does the Turkish army officer appear on horseback, and when not on duty he looks upon his horse merely as a method of locomotion. He has no affection or understanding for the horse. The superior officers have no horses of their own, and, being generally bad riders and without military qualities which would raise them in the estimation of their men, they are neither loved nor

respected by them. Married officers keep entirely to themselves, such things as invitations to one another's houses being unknown, and the only occasions upon which officers meet together at all are on the days of assembly, when they are called together for the sultan's birthday or accession celebrations.

The pay of the lower ranks is as small as that of the superior officers is high. The young cavalry officer who makes a good impression on his entry into the service soon falls to pieces through want of occupation either of mind or body. The greater part of the morning and evening he sits over his coffee and cards or dominoes. There are but few newspapers, and those that do exist are so severely censored by the government that they contain little but weather statistics, gazettes and announcements of the bestowal of decorations.

What the Turkish officer really thoroughly enjoys is a gramophone. Instruments playing the waltzes and reproducing the music hall songs of all the cities of Europe are in the greatest possible request, chiefly because they make music without any personal trouble.—Chicago News.

Three Perish by Fire.

New York, Oct. 21.—Three persons were burned to death and the lives of 100 tenants of a six-story tenement on East Third street were imperiled in a fire that broke out in the building.

To Awaken the Liver

Coated tongue, aching head, biliousness, indigestion, constipation alternating with looseness of the bowels, feelings of depression and ill-temper.

These arise from sluggish torpid action of the liver. Relief comes after the use of one of Dr. A. W. Chase's Kidney and Liver Pills and cure with a few weeks' use of this great regulator of the liver.

With the liver right there is usually no disturbance of the digestive system or bowels. Therefore get at the cause of trouble by awakening the liver to action by use of Dr. A. W. Chase's Kidney and Liver Pills.

Mr. Z. M. TAYLOR, Port Chester, Md. writes:—"Having used Dr. A. W. Chase's Kidney and Liver Pills for a number of years I consider them the best liver regulator I ever used. I cheerfully recommend them to anyone afflicted with headache and other symptoms of a disordered liver."

TAFT DAY IN WEST VIRGINIA

Event of Republican Campaign in That State.

ALSO SPEAKS IN MARYLAND

Republican Candidate Makes His Most Extended Effort at Cumberland, Where He Discusses Practically All of the Issues of the Campaign—Meeting at Parkersburg Furnishes Spectacular Features of Political Rally.

Parkersburg, W. Va., Oct. 21.—Taft day in West Virginia was the Republican political event of the present campaign in this state. Judge Taft traversed its entire length from Martinsburg to Parkersburg, and wherever he stopped he was the feature of a demonstration, in each instance carefully planned, and which brought together many voters.

Special trains were run to many of the towns in which the candidate spoke, thus making his presence available to residents from many parts of the state not visited.

Western Maryland also had its share of the candidate, who stopped in a number of the smaller towns along the Baltimore and Ohio railroad, and was given a rousing welcome in Cumberland, where he addressed an audience which packed the largest meeting place in the city. The Cumberland speech was the most extended effort of Judge Taft during the day. He discussed practically all of the issues of the campaign and was given marked attention and demonstrative approval.

The Parkersburg meeting, however, furnished all of the spectacular features belonging to a political rally. There was a parade with many marching clubs in line, representing political organizations from a number of nearby towns, including those on the Ohio side of the river. The streets were thronged with persons intent upon getting a look at the candidate and political enthusiasm was at a high pitch.

Notwithstanding his strenuous day in the East, Judge Taft exhibited remarkable vigor. His speeches were snappy and he showed the same inclination to criticize Mr. Bryan's political doctrine as in previous addresses. The continuous work of the day began to tell on him, however, and was noticeable at night in the lack of carrying quality in his voice and an apparent struggle against weariness.

TAFT BANNER DESTROYED.

Wind Storm Removes Canvas That Caused Political Commotion.

Lincoln, Neb., Oct. 21.—The wind storm finished the work of destruction of the large Taft banner, which has occupied a conspicuous place on one of the prominent business streets of Lincoln. The stringing of the banner by the Republican state central committee just about the time Mr. Bryan was nominated at Denver, when Lincoln was the Mecca of visiting Democrats, caused a political commotion here, and vandals late one night succeeded in partly destroying it. Mr. Bryan at that time denounced it as an act of vandals. The banner was replaced and has remained undisturbed until the elements took a hand in its destruction.

THAW ISSUES STATEMENT

Believes United States Court Will Safeguard His Rights.

Fishkill Landing, N. Y., Oct. 21.—Dr. Lamb, medical superintendent of the Matteawan state hospital, has been notified that the writ in the Thaw bankruptcy case had been dismissed at Pittsburgh. When Harry K. Thaw was informed that the United States court had refused to order him taken to Pittsburgh he gave out the following statement:

"If my business matters do not suffer by the delay, the dismissal of the writ is of no great moment. My interest lies in Colonel Bartlett's appeal from the unconstitutional commitment. I might mention that I had made no preparations for going to Pittsburgh at any time. However, if my affairs absolutely require my presence in Pittsburgh, I believe the United States court will make a writ. I was called in to testify by a third party in Dr. Wilson's bankruptcy case and certainly can testify at my own. As a citizen charged with no crime, my rights, including my right to protect what is left of my property will be safeguarded by the United States court. This is all I care to say on the subject just now."

FOR ELECTION OF BRYAN.

Democracy of Tilden and Cleveland Lends Its Support.

New York, Oct. 21.—Three members of the cabinets of the late President Cleveland, by presence and speech at a big Democratic gathering here, sought to demonstrate beyond peradventure that the Democracy of Tilden and Cleveland is lending its support and endeavor to secure the election of William Jennings Bryan to the presidency.

The occasion was a mass meeting under the auspices of the Bryan and Kern Business Men's association at Carnegie hall and seated on the platform were former Governor David R. Francis of Missouri, secretary of the Interior under President Cleveland; Judson Harmon of Ohio, former attorney general; and Hilary A. Herbert of Alabama, President Cleveland's secretary of the navy. Word was received from Richard Olney of Massachusetts, who held the portfolio of secretary of state under Mr. Cleveland, that he would be unable to be present because of a previous engagement.

Carnegie hall contained a notable assemblage of Democrats, some of whom have not participated in the party's councils since Cleveland's administration. Taking as a theme the present campaign issues from a business standpoint, the chamberlains of Mr. Cleveland's administration, in speeches of forensic force, brought ringing cheers from the auditors that closely packed the hall, with declarations that Mr. Bryan's election would mean business stability and an uplift to industrial well-being.

Mayor George B. McClellan presided at the meeting and read a letter from the Venerable John Bigelow, author and statesman, a friend of Abraham Lincoln and Samuel J. Tilden, urging the election of Mr. Bryan.

BIG PUBLIC RECEPTION.

Tendered Bishop McIntyre by the People of St. Paul.

St. Paul, Oct. 21.—Bishop Robert McIntyre of the Methodist Episcopal church, who has recently moved to St. Paul, was given an enthusiastic welcome at a public reception tendered him at the Auditorium. Fully 3,500 people were present at the reception, which was an event that long will be remembered in religious circles in St. Paul and the Northwest.

The meeting was presided over by President George H. Bridgman of Hamline university. The invocation was pronounced by Rev. Ezra C. Clemans, superintendent of the Duluth district.

Mayor Lawler made the first address, welcoming Bishop McIntyre and his family to their future home in the city of St. Paul.

Rev. M. D. Edwards, pastor of the Dayton Avenue Presbyterian church, represented the sister churches of Minnesota. St. Paul Methodism was represented by Rev. J. Frank Stout, superintendent of the St. Paul district. Rev. J. S. Montgomery, pastor of Fowler church, spoke in behalf of Methodism in Minneapolis. Bishop McIntyre's response was a masterpiece of oratory. He has often been described as America's foremost descriptive orator. He spoke for fully an hour and throughout his entire address held the full attention of his audience.

STANDARD OIL COMPANY (Incorporated)

For a Republican House of Representatives.

Under existing conditions in this country the policy of the government must be the policy of the party in power at the time. It was so in the elections of the Fifty-fourth congress. The Democratic party was in power and made the policy of the previous congresses its policy in the elections—and lost, happily for the prosperity of the country.

In the coming elections for congress the Republicans are making their policy the policy of the last session of congress and of every session of congress since the Republicans came into complete control of the government. It is a straightforward policy, involving no new and startling departures, but clinging closely to the record of past accomplishments with which every voter is familiar. The Republicans are not offering to the country either shop worn goods or goods of untried texture, but goods that have stood the test of time and practical experience.

A number of elements go to make up the sum of Republican policies which the people are asked to pass upon again this fall. The enactment of the gold standard law, by which every American dollar is made as good as any dollar in the world, was a part of Republican policy. As long as the Republicans remain in power it will continue to be Republican policy.

The passage of a tariff law which protects American labor from the competition of cheap foreign labor, which protects the American farmer from the peon herded cattle of Mexico and the wheat of Canada raised on cheap government lands and which affords the American producer of all commodities the best market in the world for his wares was Republican policy and remains so.

The Republican policy in dealing with the trusts is exemplified in the record of this administration, which has fearlessly assailed combinations in restraint of trade and which has produced court records to prove its sincerity and activity. Not merely promises, but fulfillment, marks the Republican policy in this respect.

The Republican party has been the party of progress and still has further to go. The last session of congress enacted many laws for the betterment of the people at large. The Republicans have maintained a consistent foreign policy in dealing with the Philippines and Cuba which have merited and received the endorsement of the voters.

The question this fall is, Do the voters desire to continue these policies in force, or do they prefer to run to new and untried policies of other parties and leaders?

A 6088 GOOD TEMPLAR.

In the state of Iowa many old soldiers are buying 6088, the great Northern blood purifier, for rheumatism, catarrh and kidney trouble.

Read this extract from a letter written by Mr. Story Keith, Clinton, Iowa, P. C. C. T., Independent Order of Good Templars, to George H. Hazard:

"I have not been as free from rheumatism for a long time as at present, and will tell you what has done it—Matt J. Johnson's 6088, made in St. Paul—perhaps you know of them, if so give them my love for they have a dandy remedy for the ills that we boys are subject to. Everyone in our family is taking it, and all are feeling better. My wife has been so lame she could hardly get up from her chair, and my back at times gave me lots of trouble. Now we are all feeling better, and will keep a bottle on hand at all times."

This great remedy is sold by the best druggists everywhere. Ask about our free trial. Sold and guaranteed by—

TURKISH ARMY OFFICERS.

They Are Neither Loved Nor Respected by Their Men.

Very seldom if he can help it does the Turkish army officer appear on horseback, and when not on duty he looks upon his horse merely as a method of locomotion. He has no affection or understanding for the horse. The superior officers have no horses of their own, and, being generally bad riders and without military qualities which would raise them in the estimation of their men, they are neither loved nor

respected by them. Married officers keep entirely to themselves, such things as invitations to one another's houses being unknown, and the only occasions upon which officers meet together at all are on the days of assembly, when they are called together for the sultan's birthday or accession celebrations.

The pay of the lower ranks is as small as that of the superior officers is high. The young cavalry officer who makes a good impression on his entry into the service soon falls to pieces through want of occupation either of mind or body. The greater part of the morning and evening he sits over his coffee and cards or dominoes. There are but few newspapers, and those that do exist are so severely censored by the government that they contain little but weather statistics, gazettes and announcements of the bestowal of decorations.

Every lamp warranted. Write our nearest agency for descriptive circular if your dealer doesn't carry the Perfection Oil Heater or Rayo Lamp.

STANDARD OIL COMPANY (Incorporated)

For a Republican House of Representatives.

Under existing conditions in this country the policy of the government must be the policy of the party in power at the time. It was so in the elections of the Fifty-fourth congress. The Democratic party was in power and made the policy of the previous congresses its policy in the elections—and lost, happily for the prosperity of the country.

In the coming elections for congress the Republicans are making their policy the policy of the last session of congress and of every session of congress since the Republicans came into complete control of the government. It is a straightforward policy, involving no new and startling departures, but clinging closely to the record of past accomplishments with which every voter is familiar. The Republicans are not offering to the country either shop worn goods or goods of untried texture, but goods that have stood the test of time and practical experience.

A number of elements go to make up the sum of Republican policies which the people are asked to pass upon again this fall. The enactment of the gold standard law, by which every American dollar is made as good as any dollar in the world, was a part of Republican policy. As long as the Republicans remain in power it will continue to be Republican policy.

The passage of a tariff law which protects American labor from the competition of cheap foreign labor, which protects the American farmer from the peon herded cattle of Mexico and the wheat of Canada raised on cheap government lands and which affords the American producer of all commodities the best market in the world for his wares was Republican policy and remains so.

The Republican policy in dealing with the trusts is exemplified in the record of this administration, which has fearlessly assailed combinations in restraint of trade and which has produced court records to prove its sincerity and activity. Not merely promises, but fulfillment, marks the Republican policy in this respect.

The Republican party has been the party of progress and still has further to go. The last session of congress enacted many laws for the betterment of the people at large. The Republicans have maintained a consistent foreign policy in dealing with the Philippines and Cuba which have merited and received the endorsement of the voters.

The question this fall is, Do the voters desire to continue these policies in force, or do they prefer to run to new and untried policies of other parties and leaders?

A 6088 GOOD TEMPLAR.

In the state of Iowa many old soldiers are buying 6088, the great Northern blood purifier, for rheumatism, catarrh and kidney trouble.

Read this extract from a letter written by Mr. Story Keith, Clinton, Iowa, P. C. T., Independent Order of Good Templars, to George H. Hazard:

"I have not been as free from rheumatism for a long time as at present, and will tell you what has done it—Matt J. Johnson's 6088, made in St. Paul—perhaps you know of them, if so give them my love for they have a dandy remedy for the ills that we boys are subject to. Everyone in our family is taking it, and all are feeling better. My wife has been so lame she could hardly get up from her chair, and my back at times gave me lots of trouble. Now we are all feeling better, and will keep a bottle on hand at all times."

This great remedy is sold by the best druggists everywhere. Ask about our free trial. Sold and guaranteed by—

M. K. Swartz, Druggist Brainerd, Minn.
